Uncompromising standards, state-of-the-art engineering, and superior service means you'll enjoy carefree ownership with a **Maxx Panel™** patio cover.

Amerimax

Maxx Panel's™ Unique Design Provides Unrivalled Insulation & Strength

Maxx Panel™ Roof System Features:

- **High-Density Structural Roof Thermal Foam** - A special type of EPS foam which provides exceptional thermal insulation and superior strength.
- **Internal Locking Tongue-and-Groove Connection System** - An excellent system that provides structural integrity, overall roof strength and longevity.
- **Exclusive S-Lock** - Internal Gutter System.
- **Thermally Broken Hanging Rail** - Designed with a thermal break, the roof system reduces cold transfer thus increasing thermal protection for any home.
- **Cedar Embossed Roof Panel**- A special embossing is applied to the exterior shell of the roof system to provide the hardest most durable coating available - as well as protection against scratches, corrosion, fading.
- **Integrated Structural-Grade Aluminum Extruded Gutter System** - A thicker grade gutter system that provides superior life and performance.
- **Optional Leaf Guard** - Reduces debris accumulation and makes cleaning easier.
- **Color Options** - Available in White and Desert Sand.
